DETAILED ACTION

Allowable Subject Matter

Claims 1-2, 4, 6-15, 17, 19-29 are allowed.

The following is an examiner's statement of reasons for allowance:

Referring to claim 1, the Heed et al reference (WO 01/39548) discloses a method of processing an input audio stereo signal comprising two input signals, for reproduction of a processed stereo signal in an audio stereo reproduction system comprising at least one pair of loudspeaker elements, the method comprising the steps of: a) providing a mid input signal and a side input signal, b) producing a left output signal for transmission to a left loudspeaker in said pair, which is, or is equivalent to, the sum of the mid input signal and the side input signal, the mid input signal being attenuated by a factor α and/or the side input signal being amplified by a factor β , the factor α and/or β corresponding to an attenuation factor α in the range -3 dB to -15 dB; c) producing a right output signal for transmission to a right loudspeaker in said pair, which is, or is equivalent to, the sum of the mid input signal and the side signal phase shifted 180.degree, the mid input signal being attenuated by a factor α and/or the side input signal being amplified by a factor β , the factor α and/or β corresponding to an attenuation factor α in the range -3 dB to -15 dB.

The Heed et al reference taken alone or in combination with another reference does not disclose or fairly suggest at least a part of the side input signal or the mid input signal in the frequency range 4 kHz-9 kHz phase shifted at least 45.degree. but no more than 135.degree. relative to the other signal prior to or at the production of the left and

right output signals as recited in claim 1. These aspects as summarized above are neither anticipated nor obvious by the prior arts of record.

Claims 14 & 27 are allowable for the same reason stated above.

Claims 2, 4, 6-13 depend on claim 1. Claims 15, 17, 19-26 depend on claim 14. Claims 28-29 depend on claim 27.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
